

## Glove Size Fitting Table

Determining glove size is based on your hand measurement. We offer up to 4 different sizes for gloves to match your needs. Use the following chart below to determine which size gloves to order:

### Directions

- Measure your hand across the **INSIDE PALM** at the knuckles. Use the longest length or width to determine your correct glove size.
- **Width measurement:** Wrap a measuring tape around your dominant hand just below knuckles, excluding thumb. Make a fist.
- **Length measurement:** measure from bottom edge of palm to the tip of your middle finger.

ORDER	SIZE	INSIDE PALM WIDTH
S	SMALL	2-3/4"
M	MEDIUM	3-1/4"
L	LARGE	3-5/8"
XL	XTRA LARGE	4"
